**TECHNICAL DATA**

|                                    |                                                  |
|------------------------------------|--------------------------------------------------|
| Material                           | stainless steel 1.4401, clamps made of aluminium |
| Material Diameter                  | Ø 8.0 mm                                         |
| Mesh Size                          | 200 x 200 mm                                     |
| Pose of Meshs                      | quadratic (square)                               |
| Mesh Connection                    | clamp-connection with four-wire connector        |
| Rope Construction                  | 7 x 19                                           |
| Edge Design                        | loops                                            |
| Breaking Force                     | minimum breaking force of rope: 36.0 kN          |
| Slip Resistance of Wire Connectors | 12.0 kN                                          |
| Continuous Operating Temperature   | -40 to +150 °C                                   |
| Weather-Resistance                 | very good                                        |
| Electrical Characteristics         | electrically conducting                          |
| Customs Tariff No.                 | 73129000                                         |
| Weight per Unit Area               | 3200 g/m <sup>2</sup>                            |
